

#### Regional Network Project Advocating at the MPO Level

## Background

+ Funding through Kaiser Permanente +Launched in 2010 + Expanded in 2012 Atlanta\* (ARC) Denver (DRCOG) Greater Washington DC (MWCOG/TPB) San Francisco Bay Area (MTC) +Southern California (SANDAG & SCAG)

\* Under an MOU with the National Association of Chronic Disease Directors.

# Background

#### Goals

- Leverage funding
- Change policies
- Affect the built environment
- Expand Safe Routes to School
- Advocate to remove barriers for walking and bicycling
- Share information and best practices

## Background

### Greater Washington DC Region

## Greater Washington DC Region

+ Complete Streets policy spurring local policies + Emphasis on member jurisdictions Sharing best practices

## San Francisco Bay Area

## San Francisco Bay Area

 RTP revised in Spring 2012
 \$20M to Safe Routes to School
 Complete Streets policy requirement

## Southern California (SCAG)

# Southern California (SCAG)

+ Revised RTP in Spring 2012 + Created an active transportation department & subcommittee Tripled funding to active trans to \$6.7B (0.46% to 1.3%)

## Southern California (SANDAG)

# Southern California (SANDAG)

 RTP adopted in Fall 2011
 Created a regional Safe Routes to School plan

- Familiarize yourself with the planning documents and the planning process/ timetable
- Show up routinely at relevant MPO committee meetings - and testify
- Develop connections with staff and Board members
- Educate decision makers about active transportation needs and mechanisms

#### Working at the Regional Level

# Build coalitions with other stakeholders: Health Environment Sustainability Public transit Equity Underserved communities Youth

## Lessons Learned

 Active transportation elements not new to RTP process Other key elements + Equity + Health Power of data - mode shares, fatality/ injury, funding levels, etc + Major growth opportunity for % of funding to bike/ped projects

## Lessons Learned

#### + It can be lonely out there

Relationship building is key

#### + It bears repeating - data matters

## MAP-21: the Game Changer

50% of TAP funds go to MPOs (>200k) for distribution
Opportunity to help guide the decision-making process

#### **Regional Network Team**

- Christine Green, Greater Washington Policy Manager
